DASH

As student alarms were reset to 5:30 or 6:00 a.m. from summertime noon, and shorts and sweats were replaced by new clothes and school books, and our summertime sandals were replaced by our newly acquired, blister making, tightly fitted Payless specials, students were preparing for the day the classrooms would be filled. We came from homemade lunches made with love by our mothers to the reality of that rib-sticking, heart-burning HIGH calorie school lunch. Meanwhile, back at the school, preparations were underway to welcome back 1,875 students. Halls were polished, floors were waxed, carpets were vacuumed, and the locker coms were switched three to the left. The yearly collection of gum was chiseled free from the undersides of desks. The restroom remodeling included rehanging doors, changing the paper, filling the soap dish and cleaning the towels. Teachers were moving into new rooms created by the new additions. Out on the field, our athletic teams, cheerleaders, falcettes, and marching band were preparing for the great year. Afternoon soaps were replaced with classes, HeMan was replaced by history, the Transformers by trigonometry, the GoBots by gym, Bert and Ernie were replaced by Biology and English. Friday nights formerly spent at the movies, watching Miami Vice, or cruising the vard, were now reserved for football games. And as classes started again, students said goodbye to summer, two piece swimming suits, golden tan bodies, trips to the dam, summertime jobs, and those never ending parties, never to see them again for 9 painful months. Each part of the school: the administration, teachers, students, clubs, and sports teams, were all there to give this year at Clearfield High

I've been proud to represent the Falcons this past year It's been a year of fun experiences and learning, a year to meet yet more people and try new things, a year for the Falcons to Fly High and Proud.

In athletics, as always, we produced fine teams in all sports. The football team had a few hard knocks but came away with some wins that we'll never forget.

After the games, there were dances. Everyone went to the stomps in record numbers. The summer stomps were neat under the stars

Everyone hoped that their special someone would ask them to the next dance after they just bugged them for a full month before.

All year long the clubs had socials to keep you interested in school. Nearly everyone was in at least one club. If you weren't, it was because you had six to eight hours of homework after your part time job.

This is a student body of quality, a group of young people with intelligence, maturity, well rounded sociality and mentality. It is an army of students ready to take on any challenge presented them.

The key to this pride and school spirit is involvement. Whether you are getting ready for college, job, or more high school, get involved and stay involveded. Make your life important to you by involving yourself in your life.

Learn all you can while you can and use this knowledge to better yourself and reach for your limitless potential. Keep your memories close, but always look for tomorrow. Remember, you are a Falcon. You represent everyone who has ever gone here.

REPRESENT US WELL!

Clearfield High School Song

To Clearfield, To the Green and White
To the best school in the land
With our heads high, as we pass by,
Our futures you command.
For our leadership, we have looked to you:
We will always be loyal, staunch, and true;
Either win or lose, we will always choose
Our Mighty Clearfield High.

To Clearfield, To the Green and White
Many memories you will bring
Of our friendships and our victories,
Your praises we will sing.
We are proud of you, and your records high:
Keep your standards true, reaching for the sky;
May our pride increase, may it never cease
Our mighty Clearfield High.

"The 1986-87 school year has been filled with academic success and exciting activities which are beauti-fully displayed in this yearbook. May you be reminded of friendships, people and events that made this year so memorable as you read its pages, and may you have continued success and happiness as you go your seperate ways."

ASST. PRINC.

"Pride an enthusiam at Clearfield High has been superb this year. There had been a feeling of excitement in all of our activities, and this has made the year memorable for everyone."

Floyd Wilcox

"Many have labeled high school as 'The Greatest Days of our Lives, so Far.' I believe that, and I believe that the foundation that high school provides those that get involved goes along way in pointing to future successes and opportunities. Thanks for making this a great experience. May your years after high school be filled with happiness, accomplishments, and tears of joy."

Dave Steele

Kick Back And Relax

Kicking back and relaxing was not what a lot of students of Clearfield High did this summer. Many students had summer jobs to fulfill, or maybe a summer romance, or both of them. While many were having a wonderful summer, a few students were out representing CHS. These students achieved many things that will be tucked away in the memories of CHS. Did you know that our girls' soccer team took state? Way to go ladies!! We also had the falcettes take a superior rating at drill camp; not to mention the great competition at Girls and Boys State. That's only mentioning a few.

Although this summer had some great moments, Clearfield High also lost a student who was stricken with leukemia. Paul Robinson, who would have been a junior, fought the rough battle until the end. For those of us who knew Paul, we will always remember him and the joy he brought to our lives. He was very strong willed . His memories will live throughout the halls of CHS.

Another Monday

It's Monday, the first day of school. What a change CHS went through! The commons area was finally finished! Many other new additions were made since school got out last year. The library, new classrooms and the Home Ec rooms were finished. What a different school CHS was since we seniors were sophomores. Remember the quad and Spirit Hall? As the bell rang, the sophomores scurried off to find their classes. As for the seniors and juniors, they hung around to say hello to the familiar faces and see who shared the same classes.

The days progressed and the Welcome Back Assembly finally rolled around. We welcomed back the student body and the new sophomores. Ever since that day, CHS and the student body has worked its way to the top!

Homecoming is

The most spirited week of the year took place September 15-20. The week started with the traditional green and white decorations being put up around the school and everyone helped make the asphalt look as colorful as a rainbow. A donut eating contest made a few of us sick and a blazing bonfire warmed our bodies and our spirits on a cold Thursday night. The Homecoming Assembly was great. It had everything from hula dancing to a music war. The chain link fence around the football field was decorated and the floats completed. Then through the streets of Clearfield came the energetic parade. The 1st place float was the German Club with VICA taking 2nd and FFA taking 3rd. In the fence decorating contest the Senior Class took 1st, with Art Club taking 2nd, and VICA taking 3rd. The crowd was enthusiastic and the football players were ready. We played our best and the game was an exciting one. We were all disappointed to find the final score:Roy 14,Clearfield 0 (We were all consoled when we heard that everyone in our region lost their homecoming game, but Bonneville.) At the end of the game the Pep Club and Cheerleaders let off a whole bunch of green and white balloons despite the agony of defeat. All day Saturday was spent getting ready for the dance. The dance theme was "Love is Forever" and the cost was $6.00 for admission and $5.00 for pictures. The evening was a huge success and everyone had a great time. Despite the loss of the game, the whole week was terrific!

Paige Bambrough 1986 Homecoming Queen

1st Attendent Kristy Thompson

2nd Attendent Antionette Martinez

Paige Bambrough was chosen Homecoming Queen. It was a great choice; she looked so good up on the chair when she was lowered in the Homecoming Assembly.

Paige was asked how she felt. She said "I was surprised and excited." Before she was lowered she sat on the little chair for at least 20-25 minutes. She was terrified and when she landed on the stage she was relieved.

The football team nominated several girls. The studentbody voted and Paige was the lucky winner. It was an excellent choice.

Romance is the theme chosen for this years drama II play "Pillow Talk". Jenny Driscoll stars as Jan Morron; Mike Gardener as Brad Allen; and Jonathan Hale as Jonathan Forbes.

Brad Allen, a Lady's man, is constantly bothered by adoring young ladies. His phone rings twenty four hours a day. Brad, who is a part-time song writer, takes us into his personal life, giving us a detailed description of the life of a playboy.

Jan Morrow, an interior decorator, shares a party line with Brad. Sharing a party line causes problems with her business calls as well as social. After many agruments with Brad she decides to get rid of her phone.

The two do not speak for days, but eventually fall in love. Jan's old boyfriend Jonathan Forbes was rich and goodlooking, but had no charm compared to Brad.

The only thing that is left is Brad's former girlfriends, but after a few phone calls, the ties are broken.

Current Events, the headlines of today that make up the bold print in the history books of tomorrow. These are the things that will be most remembered about 1986 in the years to come.

In April President Reagan gave the command, and a U.S. bomb was dropped on Lybia. A giant birthday party in early July celebrated the Statue of Liberity's 100th birthday. Halley's Comet took another turn around after 76 years. On April 25th Chernobyl, a Russian nuclear power plant, exploded. There was a royal wedding held on July 23rd at which Prince Andrew married Sarah Furguson. Reagan introduced drug testing and he himself took the test. Throughout September Nicholas Daniloff, an American Journalist, was being held as a spy in Russia, and at the same time Russia's Gennady Zakharov was caught spying in the U.S. Gorbachev and President Reagan met in Iceland to talk over arms control. The N.Y. Mets won the World Series, and Mary Decker Slainey had a baby girl. Moonlighting was the favorite television series, and Ferris Bueller's Day Off was one of the best loved movies. A cure for AIDS is slowly being devel oped,but the epidemic is still growing rapidly. In November a controversy involving arms shipments to Iran from the U.S. government were exposed. Cary Grant and Desi Arnez passed away this year. These are the events which occured in 1986 that we will remember for many years.

Fabulous Fads

Lorinda Butler models the banana comb.

A popular thing among the girls were the versatile banana combs ranging in colors from pinks and blues way up to far-out fluorescents of every possible color.

Suspendars were commonly worn this year as an ornamental piece of clothing rather than a hidden aid only used when necessary to uphold one's droopy drawers. Suspendar wearers of today may possibly have a dual motivations in mind to catch the eye as well as the pants.

Feet are in! To the fashion minded person at CHS it has become vitally important to match the socks with the rest of one's attire. Double socks are in. Not only do they provide added warmth to the feet, but they also add just the right touch of class to top off an outfit. As far as footwear goes, it's either dare to wear double or nothing at all.

Shoulder pads are being worn in practically any type of shirt. Why? There are many probable reasons why this is now thought of as an in fashion. It may be that shoulder pads are mainly used to cover up for long wished for muscles which have not yet been developed or maybe to just add that well-rounded. sophisticated look of today rapidly becoming more and more popular. Whatever their reasons, CHS students of every kind can be found wearing this new fashion.

A new fad which swept the school this year was the diamond-shaped car signs found in practically every car. These signs can be found with virtually every saying ever thought of printed on them.

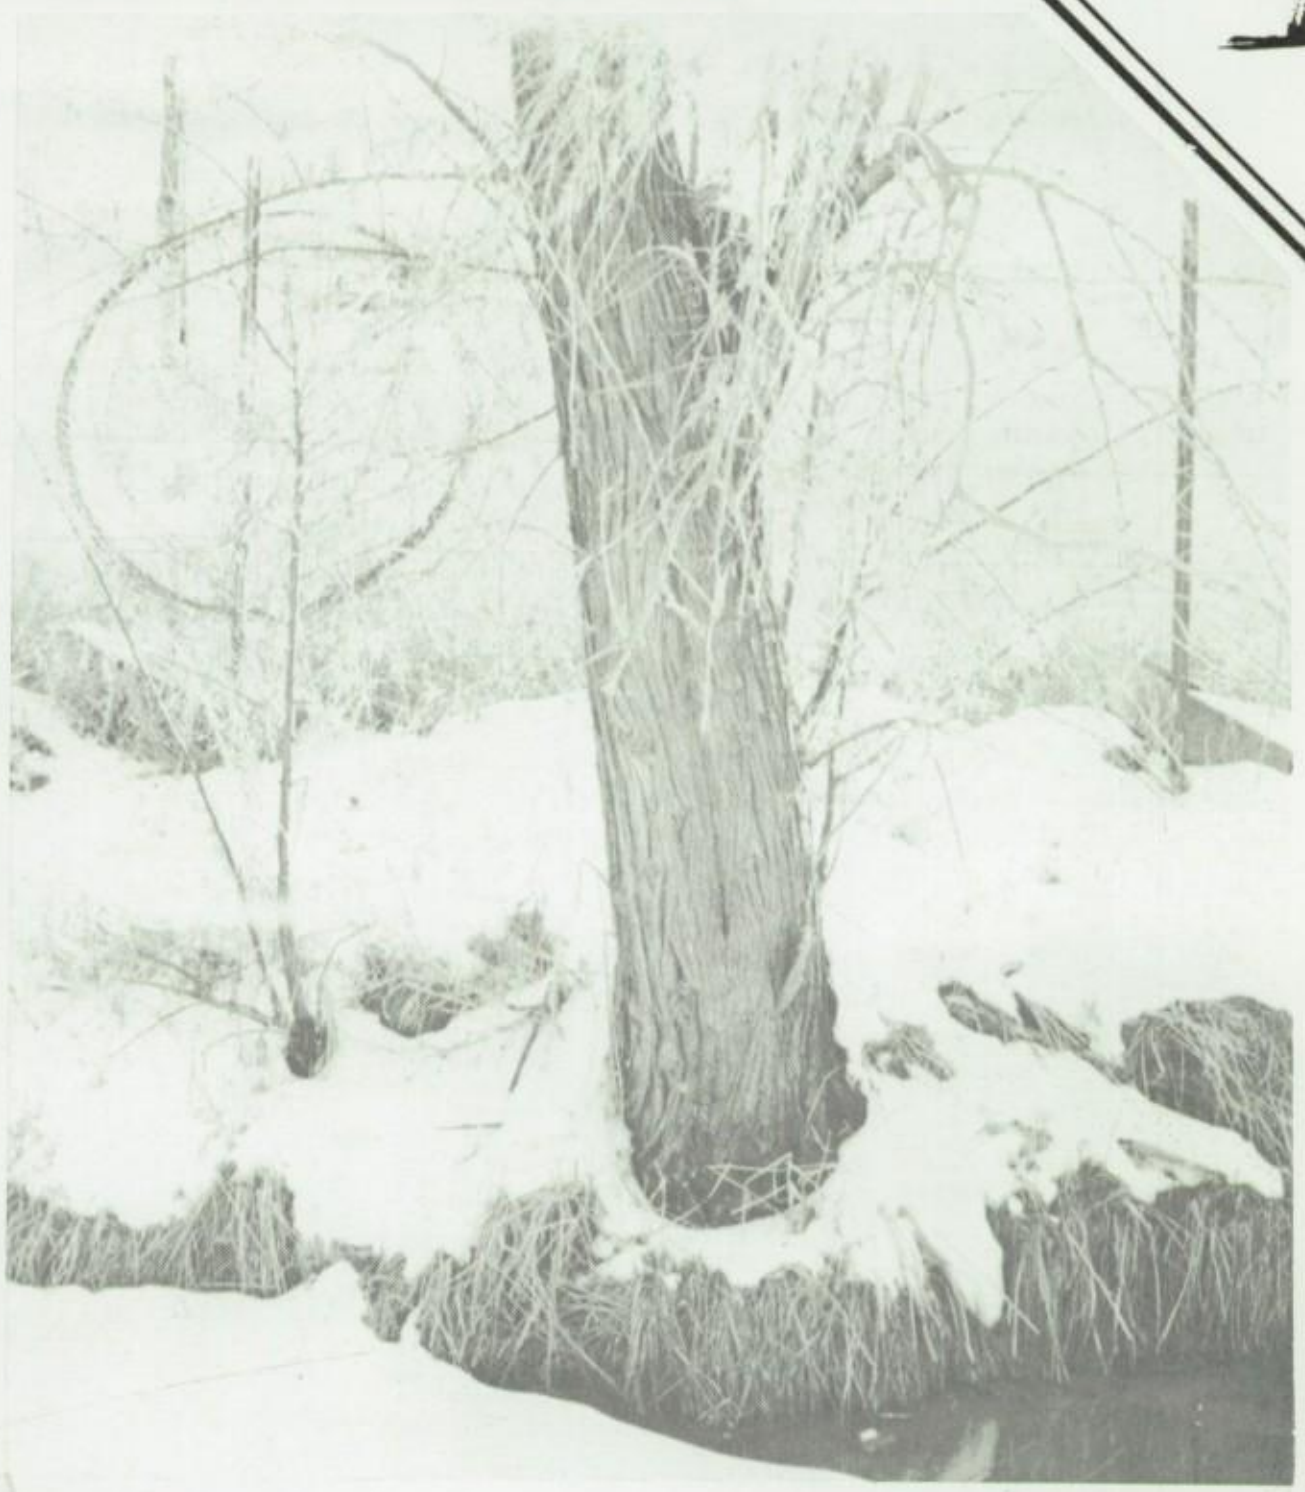
The White of Winter



Winter Brings the ice and cold,
And the winter winds so bold.
Winter brings the snow so white,
Making all the world such a beautiful sight.

Snowflakes fill the winter air,
Causing everyone to stare,
At the glistening beauty all around,
As millions of flakes gently float to the ground.

Snow is such a wondrous sight,
Making all the world seem bright.
Hearts are filled with love and cheer,
As the winter months draw near.

All the world seem white and Clean,
A perfect setting for all to dream,
Of times gone by and days to come,
In hopes for peace with everyone.

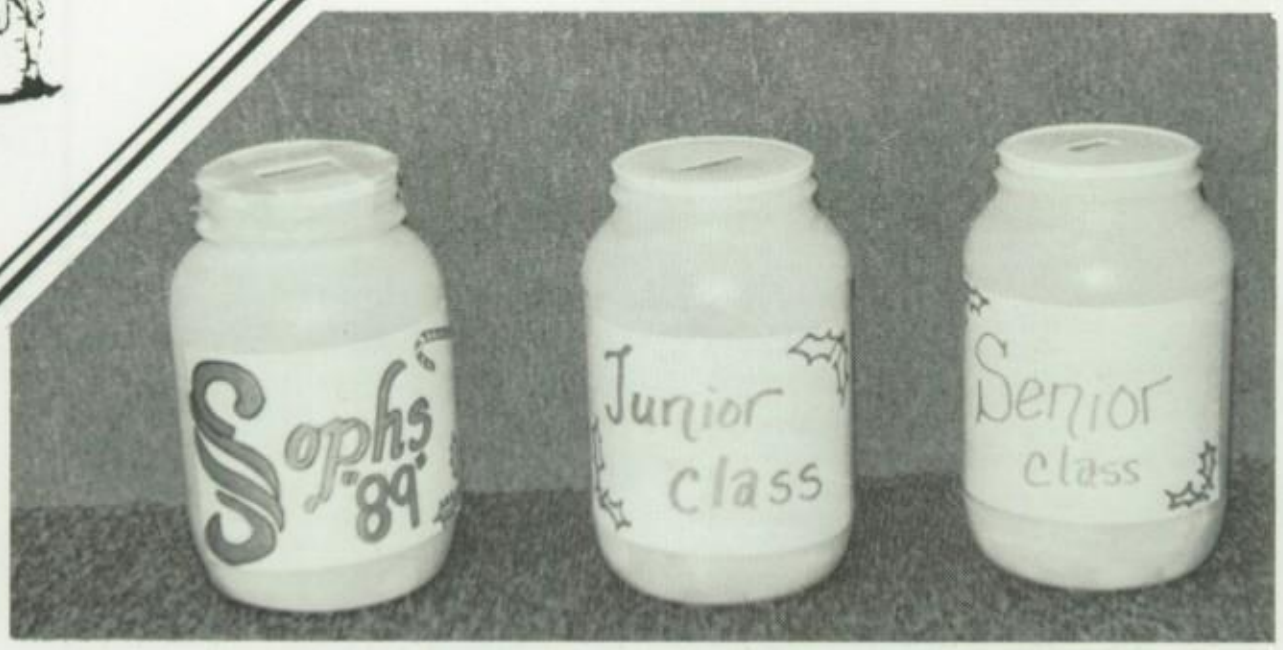
Let's Lend a Hand



ABOVE Pitching in for a good cause.

Our future Falcon, Nathan, and his mom, Judy.

Nathan Winger was one of the unfortunate children to acquire a fatal disease. Nathan was 3 years old, and in desperate need of a liver transplant. He had a disease called Biliary Artresia, a very serious disease that attacks the liver bile ducts.

Nathan, the son of Michael and Judy Winger, lived in West Point, during the serious time of his illness. Nathan needed one-hundred thousand dollars, just to be placed on a waiting list for a liver transplant.

With hopes that Nathan would get his chance to attend our school, as a Future Falcon , we proceded to raise money for his fund. As a starter, we held a bake sale where proceeds went to his fund. The senior class held a stomp in order to help. Donation cans were placed in the school store, where students were encouraged to donate their extra change. With help from hypnotist, Kevin Shamafuller, a demonstration was held, with half the proceeds going towards Nathan's fund. The clubs along with the senior, junior, and sophomore classes, decorated Christmas trees. Which were sold, to help raise money. The Madres along with the Four R's, held a concert where the proceeds went to Nathan's fund. Through these efforts, we hoped to make a dent into that large sum of money that Nathan so desperately needed.

During our fund raising, warm feelings were spread through all of those who helped, but most of all we hope that the Wingers also shared that warm feeling of kindness.

Joe runs into a little trouble with Lola (a home wrecker sent by Applegate) and also the media. They want to know where Joe came from and how he got where he is. The only time Joe can use the "escape clause" he gets stuck in court and then stuck as Joe Hardy forever. Applegate's little plan is to help the Senators get to the top then make them lose. The dance company was carefully chosen. Each girl showing their best talent to our Falcon studentbody. They all worked up a sweat at early morning practices. They put on great shows and their dances were very entertaining.

Before trying out, every girls heart was racing. Their nerves were shot and their minds were blank. Nervously waiting to begin, they took a deep breath and listened for the music to start. As the judges watched on they were glad it was all over. Now waiting for the results.

We wish them luck for their future dance and talents to grow.

Engineering at its finest. Clearfield students display tremendous potential in the Bridge Building Contest. Bridges of every size and shape were constructed by some talented individuals here at CHS. Bridge Building teaches participating students patience and sharpens their engineering skills. Although a small number are selected as winners, everyone comes out ahead. Mr. Jensen and M. Yahne are the advisors of this event who lend their knowledge and experience to the students. We appreciate them along with everyone involved and encourage many more to take interest and participate.

During the summer five girls, Jamie Foote, Michelle Nordenstrom, Yvette Montgomery, Shelby Caldwell, and Tanji Thurgood, were chosen to go to Cedar City. They spent one week at Southern Utah State College. This event was sponsored by the American Legion. Girls State is Nationally reconized as being the 51st State. One of the main purposes of Girls State is to learn and create a government. Cities, counties and states are established. There are two main parties Nationalists and Federalists. Also divided into two countries a Freedom Country and a Democratic Country. Every morning they had a flag ceremony and each person accountable for following certain rules. Some of them were dresses must be worn, and nylons. No bare legs allowed. Each was allowed to write one letter to their parents and no phone priviliges at all. Nor could they leave their area. At the end of the week they had a graduation ceremony. Some students not only were recognized but they received some awards. College credits were earned by some for attending. Tanji said, "Although it was difficult and not all fun, it was a great learning experience!"

Boys State, a seven day trip to USU, was also sponsored by the American Legion. Eleven students from our school participated. They were all elected to hold very important positions. Chad Mc Bride- County Attorney; Curtis Child-City Councilman, a County Comissioner and also ran for boys' Nation and made it to the primary election. Curtis Pice ran for 2nd Distict State Justice and won. Tom Price was a City Councilman; Kevin Johnson became the all powerful mayor of his own city, Midway, as well as a State Representative. Will Broadhead kept quite busy with the responsibilities of City Police Chief, County delegate and a State Delegate too. He was so overworked that he slept through his own elections for County Sheriff. Will if you snooze you loose, huh! Jeff Johnson was a city deputy and a State Delegate. Mike Rutherford was a County Delegate and participated in the chess tournament. Jason Kendall was involved with many different sports; Layne Goble and Chad Davis were State Delegates. Boys State was a great experience. And many new friends were made from all different states.

Drilling Home The Point

This year's 1987 Drill team is the Best of the Best. The instructors are Col. Hess and Sgt. Deroian, and the Commander was Dionne Hamilton. Element leaders were Mark Graham, Ricky Siegal, Cak Silpasornprasit. Back ups were Jamie Foote, Shane Rasband and Bruce Sherrod. Many students probably wondered what they did in Grealy, Colorado. Every morning they got up at 6:00A.M. The commander then left for a commander's meeting. The other members and Sgt. Deroian got up and got ready for inspection at the University of Northern Colorado. Then they went to Regulation Drill, a drill down competition. After lunch they have another inspection. They have another drill down with the American flag. Finally everyone lines up for the final drill down. Members do certain maneuvers, then stop people come by to check if they did it right. If not, the stop person tapped them on the shoulder and they dropped out. If they lasted for a certain length of time with no mistakes they win. The last competition was closing ceremonies. Everyone lined up in perspective flights. At this ceremony awards were presented to winners. After ceremony, ROTC members consulted their commanders and instructors.

"Joseph and The Amazing Technicolor Dreamcoat" was written by Tim Rice and Andrew Lloyd Webber. Joseph had prophetic dreams and was given a coat of many colors by his father, Jacob. It was a magnificent coat and his brothers became so jealous of him that they sold him into slavery in Egypt. There he rose the lowly status of house slave to become the pharaoh's principal advisor because of his great gift for interpreting dreams.

"Joseph and The Amazing Technicolor Dreamcoat" is a biblical story turned into a rock-and-roll opera. The entire show was done to music and every word said is in song.

Putting It Together

Putting together a yearbook isn't an easy job. It takes hours and hours of work, drawing layouts, writing copy, and shooting, developing and print ing pictures. The staff members have to be able to get along and work well with one another.

Making a yearbook is a big responsibility. It's a long process of trial and error when creating the pages. The yearbook is a record of the school's history. It is a book full of memories that have been captured and recorded for time so that at a later date it can be looked at and the memories recalled.

The editors, Katrina Clarke and Radene Jones, felt that this is the best book that Clearfield has put out. It has taken a lot of time and work on their parts, but they said when it's all finished you discover that all the work it took was worth while.

Above from top to bottom: Kristin Cook, Layout Editor, Radene Jones, Editor, Camie Daugherty, Copy Editor, Katrina Clarke, Editor Right from top to bottom: Scott Nielson, Donna Bower, Stacey Banz, Lynne Reading, Katrina Clarke, Brian Richardson, Radene Jones, Richilyn Barney, Camie Daugherty, Faith Jarvis, Andrea McDougal,Kristin Cook, and Heather Barnes all join in to make the longest banana split in history.

Other shows included "Bull in a China Shop" and "Pillow Talk" done by the Drama II classes. There are also the student directed one-act plays in the Spring. "Santa's Workshop", was preformed over 30 times during the Christmas season.

Drama competition was also a main event of the acting year. CHS Drama attended several invitationals to other schools and Clearfield's own invitational which is the best in the state, where they displayed their talent through dramatic and humorous interpretations, pantomines and scenes from plays.

At the end of the year, they held their annual awards banquet where dedicated students were honored for their time and loyalty. They received bronze, silver, and gold letters, Thespian awards and best actor and actress in the various productions.

This year's Paradox Literary Magazine is advised by Mrs. Chamberlain. It is an annual publication. It consists of short stories, poetry, and nonfiction that is written by the student body and the faculty of Clearfield High.

In the years before, only the student body was allowed to write for the Paradox Magazine. This year is different. The faculty will be involved in writing short stories, poetry, or nonfiction.

Paradox sponsors contests that will encourage the students and the faculty to write, do artwork, photography, and much, much more.

The students in this class do everything themselves, including setting their own deadlines. Mr. Reed said that this is the best staff and editor he's had in years. The main goal of the staff is to get a good, wide variety of stuff for the paper and to put out a good paper that the whole school will enjoy. DECA is involved in community projects like the MDA telethon which they helped in. DECA also sponsered a bowl-a-thon for th MDA in January. DECA isn't just fun and games though, they also have competitions. State competitions were in March, and Nationals were in April. While in competition there are competi tive events, as well as written events. In these events they are judged by people who are in the business of the topic they are being tested on. Awards on state competitions are cash prizes to help get them to the nationals. At the nationals awards include scholarships, stocks,and some winners are offered jobs on the spot. But even if you don't win all the participants have a good experience that will help them in future jobs.

Excellence in Action

The VICA Club, contrary to previous years, was enthusiastically involved in various activities. Clearfield's Homecoming was a terrific suc cess. The VICA Club was a commen dable supporter of the traditional parade. They entered a float and were fortunate to place second among some very creative entries. VICA also was a part of the fence decorating contest, placing third with an entry that reflected VICA's commitment to school support.

On October 23rd, the VICA Club sponsored a debate between two local candidates--Dave Steele and Bruce Parry. These two men were opponents in the contested race for the State Senate seat in District 21. More than 100 people attended the event, and a mock election was held.

The VICA Club recently co sponsored and co-organized a studentbody stomp for Halloween. They had cider and donuts, a costume contest, and great music. Without the aid of all VICA's members, it would not have been a success.

This years Spanish club has done an outstanding job to promote their school spirit. They participated in many activities in which they strived to excell and come out the victor.

They helped promote their pride in C.H.S. in mâny different ways. They participated in foreign language week and also in Homecoming Week. They also did an outstanding job in both the bowling and soccer tournaments against the French and German clubs.

At Christmas they brought out their yuletide spirit by going Christmas caroling and taking baskets to the needy.

At the end of the year they held their annual Spanish club banquet at which they presented awards to the most outstanding Spanish students.

Their main goal for this year was to come together in unity and become a close knit unit. They couldn't have done it without the support of Mrs. Romero and three hard working officers.

Through their many activities and goals they helped promote spirit and pride in C.H.S. These kind of goals helped to make this year one of the best ever!

The German club had an excellent year. They participated in many different things such as fund raisers and exciting activities.

Their tremendous efforts were rewarded when they participated in the homecoming parade by entering a float which won 1st place for a second year in a row. They also won the foreign language soccer tournament for the second time.

At Christmas they went Christmas caroling at the local hospital and resthomes to spread the Christmas spirit. They also threw a skiing party later in the winter.

Selling advent calendars was an activity they sponsored to help raise money for the Nathan Winger fund. Another activity they sponsored was a gingerbread building contest.

At the end of the year they helped sponsor the foreign language banquet.

Their main goal for this year was to promote the German language and culture within C.H.S. Their support comes from Mr. Mills and their officers.

FHA stands for Future Homemakers of America. This is a home economics club that tries to promote leadership and self development. During the school year the FHA was very busy. In November, they had a potluck Thanksgiving Dinner to celebrate the festive holiday. For Christmas they took gifts to a needy family for a service project. They also had a Peer Education Week. During this week they tried to reach the students through programs on drugs, alcohol, and teen pregnancy. And they attended a competition called Star Events. The FHA competed in all areas of home economics. The winners went to National competition, where they represented CHS extremely well. Way to go FHA!!

This year's Debate team has done an exceptionally good job. They had a majority of new members that did terrifically well, despite their inexperience. As a team they have actively participated in many major meets and tournaments. Under the direction of their "fearless leader," Mr. Bradshaw, they have learned the various ins and outs of professional arguing.

Is the doctor in?

The Nurses and Health Occupations were taught by Mrs. Clements. They were in classes for 3 hours a day and learned certain clinical skills, terminology, and information to help them become nurses. The members had a great time at monthly activities and learned more about helping others in their future field of work. After taking the class, students had come to love their work and were looking forward to making it their occupation.

The Art Club has been busy doing lots of activities. They started the year with Homecom ing. The Art Club, which is part of VICA, entered a float in the Homecoming Parade and won third place. They also decorated a fence which took second. On Halloween night they helped decorate and sponsor the dance. Some other activities of the Art Club were the winter party, art show, spring party, and a billboard sign for a school play. Mrs. Burgon feels good about the Art Club and she is very proud of 15 to 20 people who spend hours of time on their own.

The BEST club focused its activities on community service in the area of drug and alcohol abuse prevention on the elementary and junior high levels and building esteem in students through the club.

Students operated several programs. They traveled to many schools in Davis County presenting psycho-social drama workshops that foscused on long term effects of drug abuse; how to deal with problems, stress, and people; how to avoid drug abuse and negative peer pressure; how to build self-esteem; how to have open honest communication in the family; and offer alternative ideas to drug abuse.

They traveled to Cache County to help set up similar programs in the area schols. They participated in the Loyal Order of Moose State Student Congress developing a program for national presentation.

They provided activities and parties for the school like a ski party, Wild Wave swimming party, hot springs party, Halloween video/pizza party, and nature hikes in Southern Utah offering fun times without involving drugs and alcohol.

The BEST club helped our school with pride and gave our school positive community and statewide recognition.

Madres consists of the most advanced and talented singers at CHS.

Their advisor, Mr. Davis, uses several methods to increase their knowledge and techniques.

This year, the Madres have accomplished alll of their goals such as receiving a "Superior" rating at State Solo and Ensemble Festival and an "Excellent" performance at All State in Salt Lake along with 500 other singers from schools all through the state.

Darin Hoggan served as the Madre president. He made everyone feel equal, wanted, and a part of the group.

The Madres performed at a fund raiser for Nathan Winger. Along with the "Four R's," the Madres performed at their best to raise money.

During the Christmas Holiday the Madres were asked to perform in several different places. Performing at their best, they spread Christmas cheer.

The men's, ladies', and junior choirs have sung their way into everyone's heart this year. The members of these choirs are talented students who work hard for success They spend a great deal of time practicing for their concerts. The men's and ladies' choirs were quite busy this year. They participated in a regional festival at Weber High, where they did a great job as always. The choirs have had four great concerts during the year, and both have sung a capella (singing without the accompaniment of instruments) music this year.

The junior choir changed its name this year. The choir will be known as the chauntonetts from now on. This choir, made up solely of girls,has also been busy. They sing with the concert choir at ajudicated, or judged, festivals. They have sung at many different functions such as parties, shopping malls, and other activities throughout the year.

Mr. Davis, the choirs' advisor, thinks highly of the choirs. According to Mr. Davis, they're great choirs that work very hard to make it to the top.

And what must one do to become a member of the choirs? Well, it's quite simple; just sign up. So if you like to sing, give the choirs a try. Who knows? It may be the beginning of a great career.

This very well dressed group of young men and women are our very own CHS Concert Choir. This is a group of 64 very talented singers. These very dedicated singers put a lot of time rehearsing songs for their concerts. They sing a lot of classics along with more popular music. They always show themselves with a lot of pride, when they perform. They have performed in a few of the assemblies, some of the highlihgts of the year were the Davis Choir Festival in April. Along with all their regular activities they had the honor of being invited to attend the National High School Choir Festival at BYU, which is a great privilege to Clearfield High School, there will be other high schools from Missori, Louisiana, and Florida, where they sang for competition. Mr. Davis is very proud of the 86-87 concert choir members,"There is great balance in every section which is unusually good. They are a very good choir." If you didn't get a chance to hear them then you missed out, they have a lot of fun singing for the audience

Senior football players spelling out CHS FALCONS!

Lance Murray gripped the ball ready for action

Out of nearly 100 eager students ready to play football, 40 were chosen to play on the varsity team this year. There were 8 returning starters from last years team.

The highlights of the season were the Davis and Layton games. It's been a long time since the Falcons have been able to beat the Darts in a varsity play. At Layton High School there was a tailgate party before the game and a parachuter brought in the game ball. It just happened to be their Homecoming. It was cold but very exciting!

Their most difficult game was the Homecoming Game because of all the pressure they had. It was a loss.

The teams greatest weakness was their offensive line. Defense was their greatest strength.

It was an outstanding year!

This year's Volleyball team was the best ever to come out of Clearfield High.

The Lady Falcons started out the season slow with a loss against Bonneville, but when they picked up speed, they flew right past all the other teams.

During the season the Volleyball team had many activities to boost their team spirit and loosen up before the big games. Before the Weber game, the ladies had quite an experience in one of the raquetball courts. Yes, 100 pies coming from all directions. They had a real fun time, and ate dinner at Golden Corral (after they spent hours washing pies out of their hair!)

Coach Nemalka helped them in many ways. He showed them how to work hard while still having a good time.

The Lady Falcons were now on their way to the State Championships at Roy High School (Nov. 10-13).

The first game they defeated Granger in two games. The Lady Falcons were hot and everyone knew they were the team to beat.

In the second game against Alta the ladies beat them in just two games.

The third game Clearfield played Skyline. They went 3 games, but the Lady Falcons just couldn't pull it off.

Davis and Clearfield went head-to-head in the 4th game for 3rd and 4th places. In two games CHS dominated the game 15-5 and 18-16 to walk away with 3rd place at State. The highest position any volleyball team from CHS has ever reached. Way to go Lady Falcons!

This years wrestling team has worked very hard. They have stayed after school many nights to practice their techniques. There most important tournament this year was the Wasatch Tournament where they fought hard to place.

Weither tσ loose a few pounds or gain a few, many wrestlers have to go hungry for awhile and watch what they eat, just to make weight. And then look out food here they come.

This years team had very few seniors, but for the ones we had they did a great job and helped out the team a lot. The co-captains were John Walters, Todd Bingham, and Charley Stiefkèn. They worked had to be where they were.

The wrestlers were sorry about Darren Deursch's accident with his knee and that he could not participate, but they kept him in their thoughts and wished him well.

They would also like to thank the people that went out and supported them, when they really needed it. We wish them the best for years to come!

The tennis team, led by Ryan Jenkins, had an enjoyable season. Their team captains were Julie Goodrich and Tanji Thurgood. The number one doubles team, consisting of Dana Twede and Janeen Jacobs, went to state and played very well. There were 8 people on the Varsity team and 6 on the J.V. team. In order to make the team it is mandatory to play with Clearfield Recreation and then try-out. Team members practice everyday for about one and a half months during the season. Julie Goodrich commented that they, "...had a lot of fun working together an learning more about tennis." They had a lot of fun and learned that LOVE in tennis CONQUERS ALL.

This year our cross country team did very well. Each member of the team set and broke their own personal records. The team consisted of a lot of sophomores and no junior boys. The seasons top runners were Scott Jaime for the boys, and Rhonda Erickson for the girls. When the team went to region, the girls took 4th and the boys took 5th overall. Also, Scott Jaime took 12th in the region match. In the state meet, Rhonda Erickson took 40th out of over 100 runners.

Helping With Spirit

Who's at the game cheering and yelling? That's right, the Pep Club. Right along beside them is the Pep Band, adding musical excitement.

The Pep Club, led by Miss Colvin, Mrs. Johnson, Ms. Markos, and Miss Rawlins enjoyed getting involved. They had fun decorating a fence and a float for Homecoming. The Pep Club was always right there cheering for our football team. Later on, in the Christmas season, they helped to raise money for Nathan Winger by decorating a tree. The members of the Pep Club enjoyed being in the club because it kept them involved in supporting our school's athletic teams. During basketball season they tremendously enjoyed cheering at games (even at some preseason ones.)

The Pep Band led by Steve Anderson really had a riot playing music and getting the crowd excited. During football season they marched on the field at halftimes. They put a lot of work into coordinating their music and the flag team. Members enjoy getting together to play music and just have fun. One member, Daylene Clarke said, "I liked being in Pep Band to work with my friends to accomplish something." Later, during basketball season, the Pep Band became more jazzy as they played music

ACADEMIC

REFERENCE

"Being selected as a Validictorian for the Class of '87 is a great honor which I could not have achieved alone. Much of my success must be attributed ot my family, teachers, and friends. They have constantly encouraged me to do my best. I am grateful for the friendships I have made at CHS and will always treasure them. Graduating will be sad because I am leaving all that I have known. Yet graduating will be happy because I will be accomplishing a life long goal."

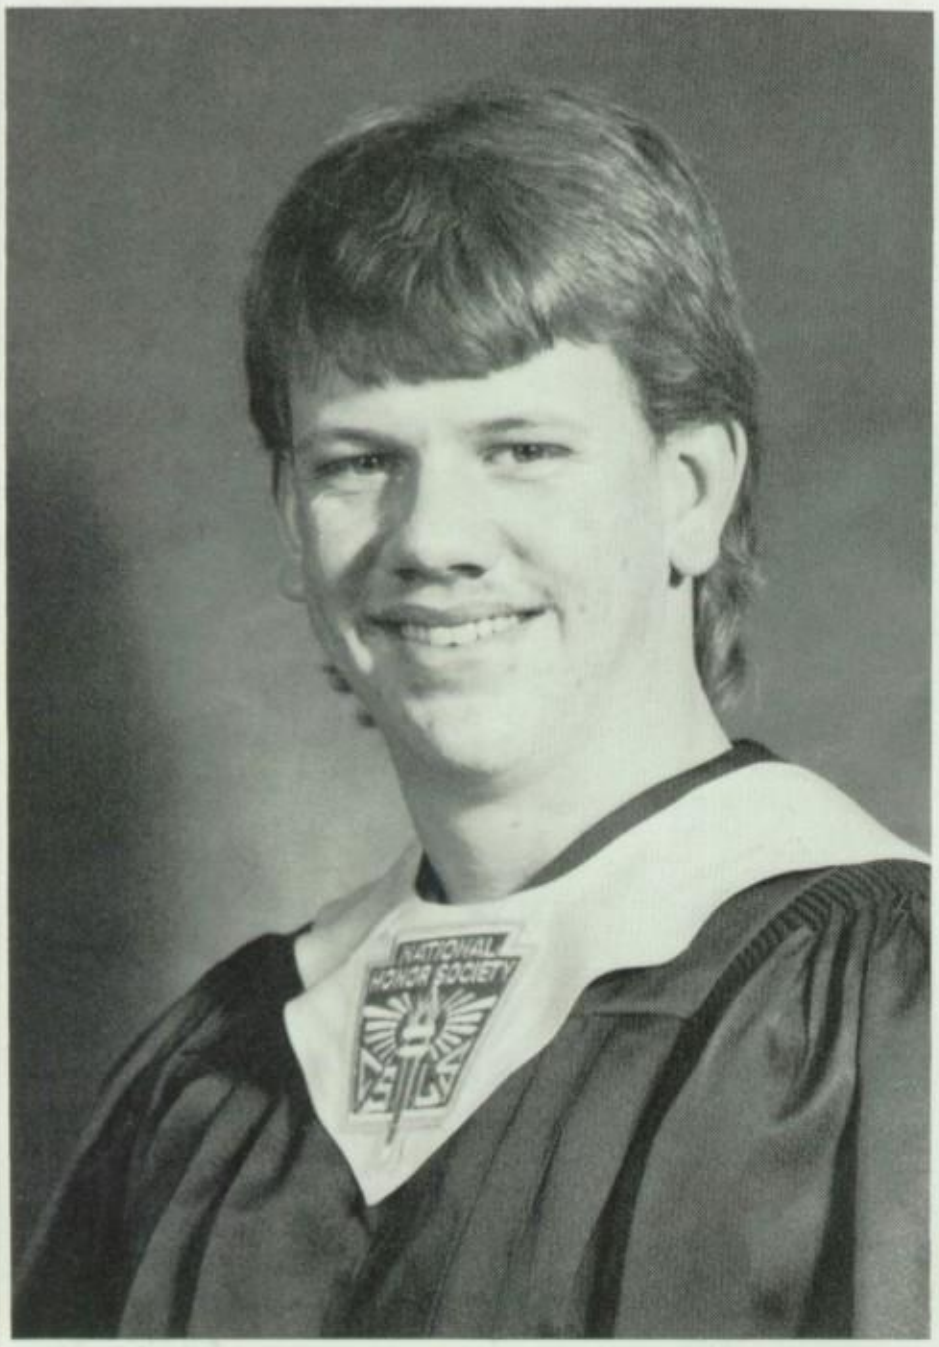
Tecia Finlinson

"When I first realized that I might be chosen as the Valedictorian of the Class of 87, I was excited. I knew what kind of kids had wanted this privilege. I see every day how competitive they are. Between AP classes and extra credit there has been scarcely been a class of people who work harder or better. I am glad to say that I am the Valedicatorian, but the credit is not all mine. Were it not for the intense competition, and challenging courses and teachers, I would never have reached this lofty position. If I could advise any future students, I would say work hard, be diligent, but above preserve your grace and honor. To Clearfield I wish the happiest and most prosperous years to come."

Chad McBride

"Being selected to represent Clearfield High School as one of its Valedictorians is both an honor and a challenge that I am proud to accept. I sincerely thank my friends, teachers, and mother for helping me achieve such an honor. My memories of Clearfield High will always be dear. I am proud to be a Falcon and a member of the Class of '87. As we all go our separate ways and venture off to different destinations, may I leave with you at thought from Jonathon Livingston Seagull 'We're free to go where we wish and to be what we are.' "

Yvette Montgomery



"I feel very honored to be one of the Salutatorians for 1987. I will always have fond memories of my past three years at CHS. Clearfield High has a great faculty, a terrific studentbody, and I am proud to be a part of it. I have realized that by setting goals and achieving them school can be very rewarding. School is a place to further an education, and also a place to have fun with extra-curricular activities."

Sharilyn Grant

"I feel that it is a great honor to have been chosen to represent Clearfield High and the class of '87 as one of the Salutatorians. I am proud to be a Falcon! I treasure the friendships I've made with fellow classmates and faculty members during my three years at CHS. I would like to thank all those who have taken part in helping me to achieve this success. I couldn't have done it without their support. I expecially want to thank my parents for all their support and encouragement in helping me achieve success in all I do."

Michele Warner

"Becoming a Salutatorian for CHS is a special achievement for me. The years I have spent here have helped me to grow, both academically and as a person. My capabilities have been tried to the fullest, and the salutatorian title is a recognition that I have met the challenge successfully. It also gives me the opportunity to share a personal goodbye, both to my school and to a part of my life I will never forget."

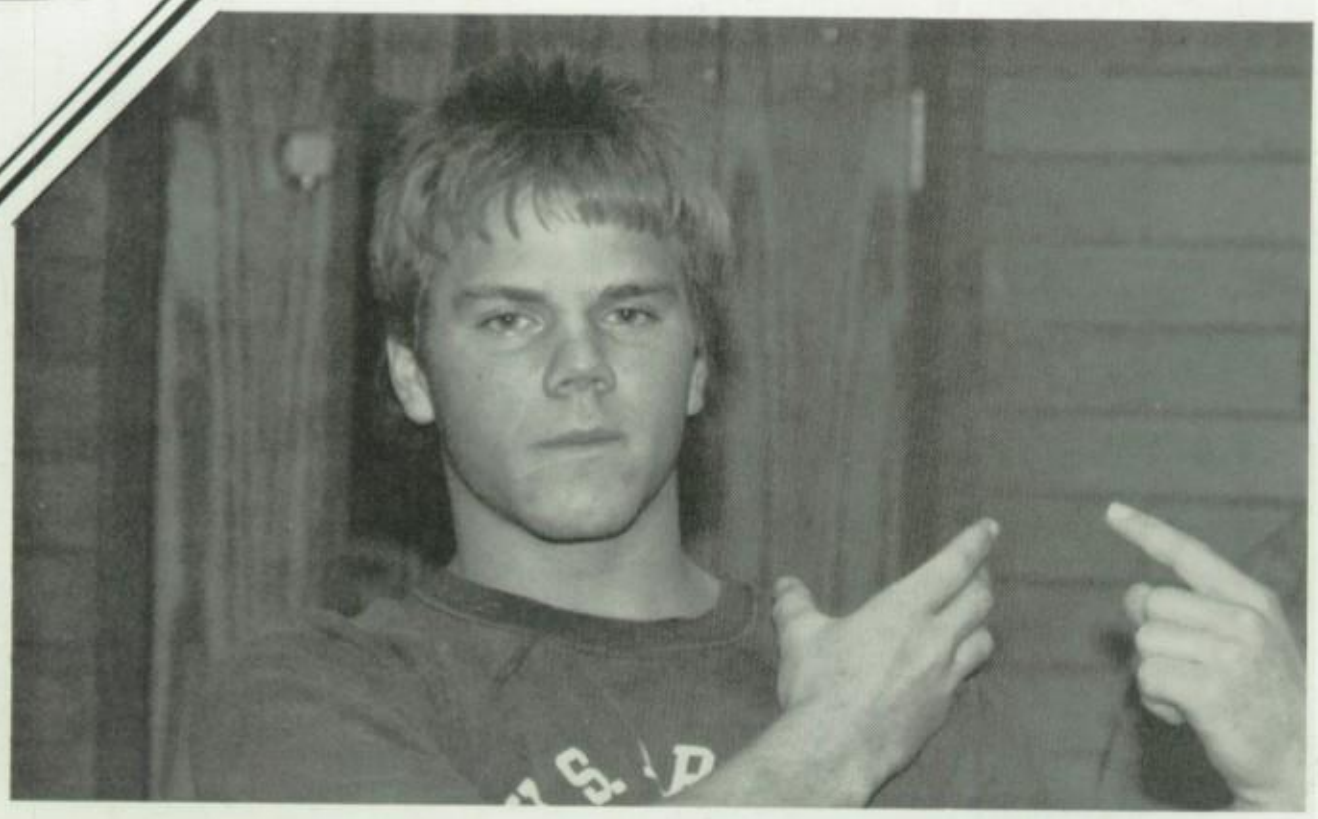
EPILOGUE

CLEARFIELD HIGH SCHOOL

BELOW Jeff Kirkham and "John the Leprechaun"
RIGHT Kurt Johnson in Santa's Workshop.



As we look into the past,
And remember all of the fun,
We come to the realization,
That we are finally done.

We remember the times,
Spent with good friends,
Anticipating the day,
When our senior year ends.

Now the time has come,
For our caps and gowns.
Never did we think,
There would be so many frowns.

All of the fun we had,
And the good times with each other,
We wouldn't trade it now,
Not for any other.

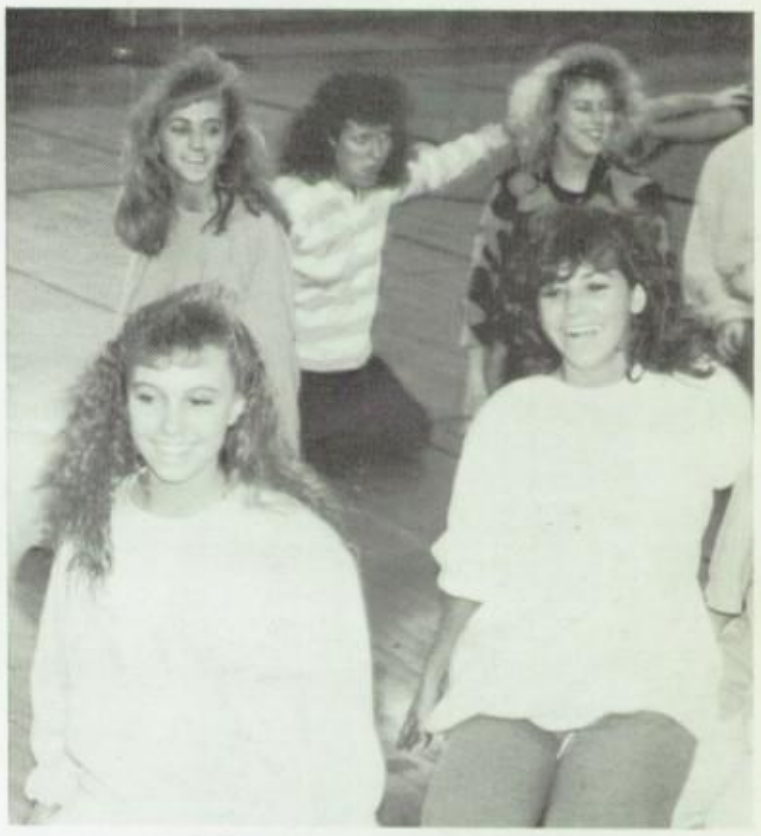
We'll always look back,
On our high school years,
With the fondest memories,
And the happiest tears.

Loved in our minds,
And forever in our hearts.
We'll never forget,
Clearfield High, of which we were a part.

RIGHT Tyler Monson "Go to class, what's that?"

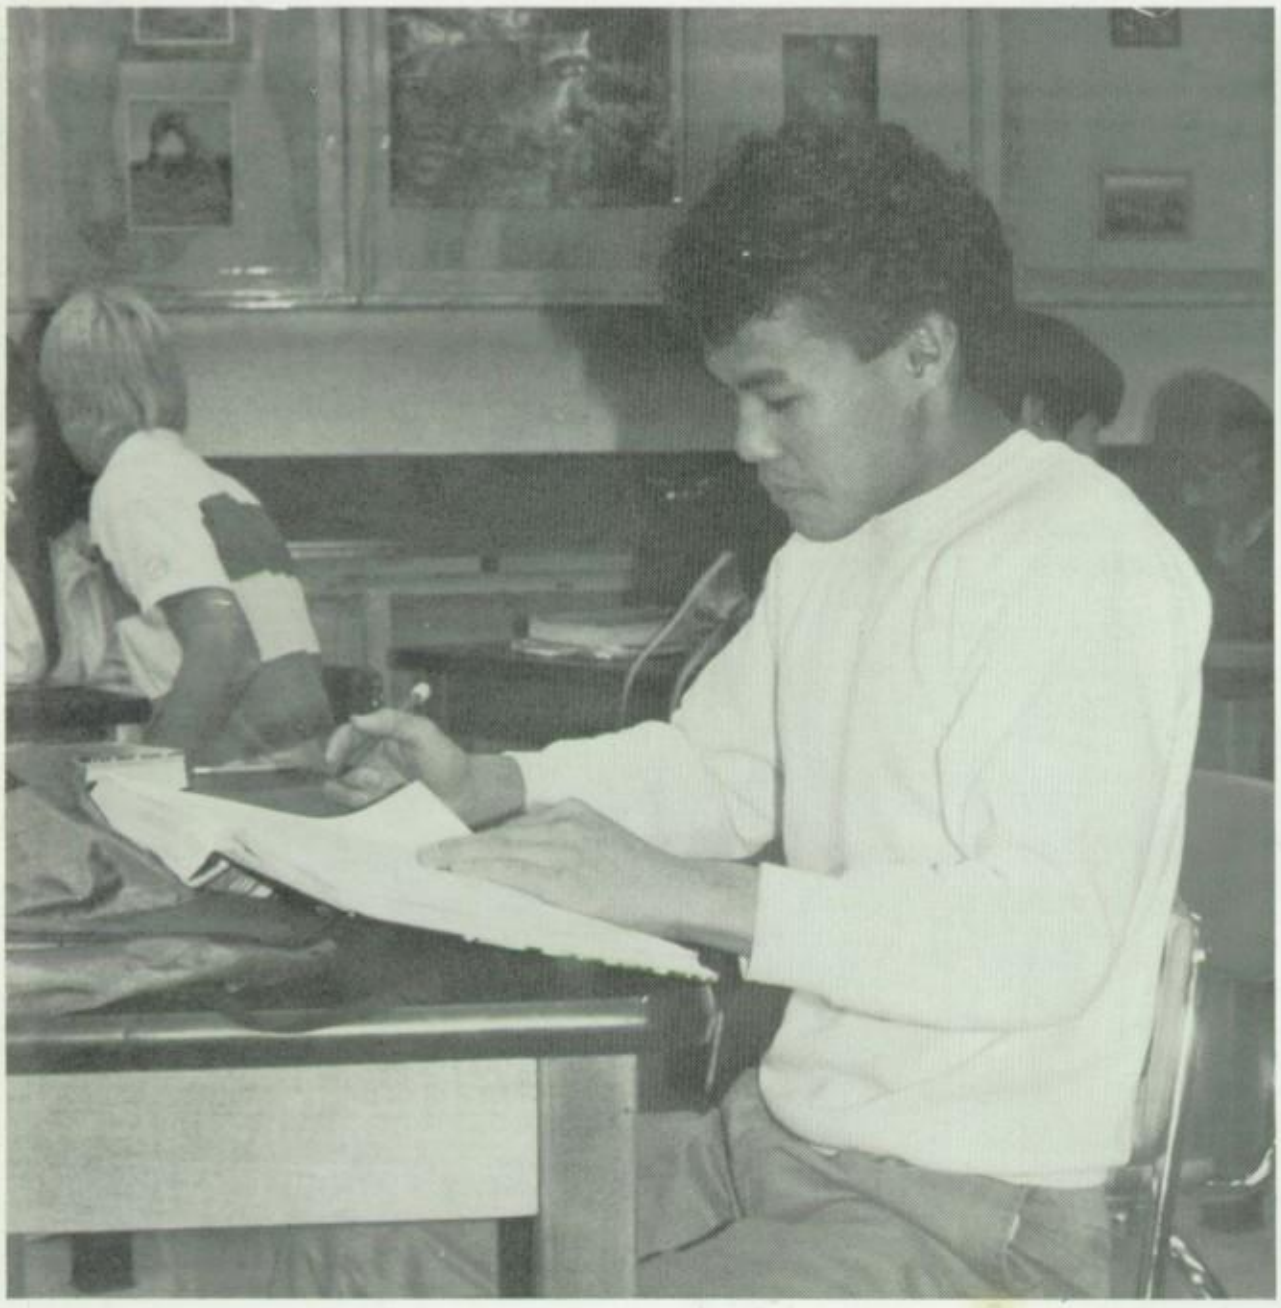
LEFT Cathi Boynton BELOW Wendy Darling

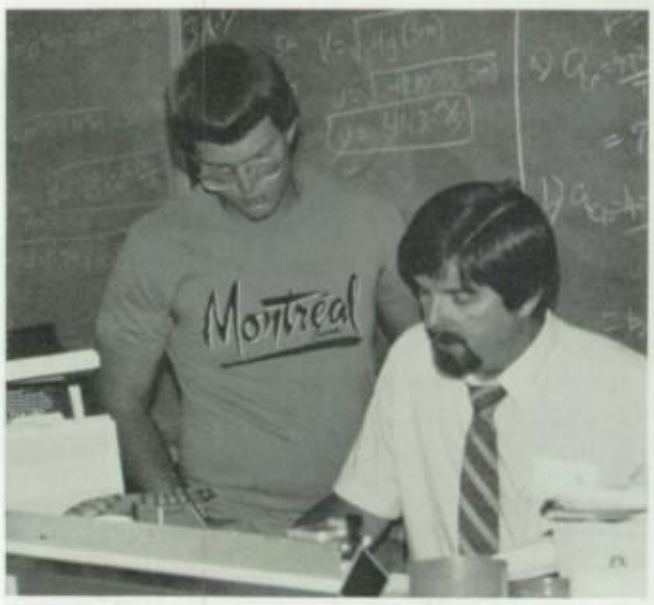
BELOW LEFT Clearfield High gets a face lift. BELOW Falcettes at early morning practice.



LEFT Special delivery for Vanessa Jones. ABOVE Varsity cheerleaders during half time.

Our enthusiasm and the pride in our hearts created that little dash of class, the race for the top, to be the best we can be. Throughout this book, we will be reminded of friendships, activities, and all the good times of this year. Our experiences in high school will forever shape our lives. We have raced to the top. Maybe we didn't win the contest, but we learned and had fun. It wasn't to compare who was the best, but winning the race was inside us. It was the race through school where we grew, made friends, and memories. In life we will always run to reach a goal. Winning is the feeling inside of us that says we did our best, but now pick up and begin again the race the race of the rest of your life.





ABOVE Gordon Nishimoto contemplates fervently. TOP RIGHT Andy Shavers "I learn by osmosis." MIDDLE RIGHT Leon Wilcox and Mr. Yahne learning about science. BOTTOM RIGHT Dave Beals "Captain Cam Camera" FAR RIGHT Amy Wheatley A smile is the shortest distance between two friends.

In Memory

COMES THE DAWN

After a while you learn the subtle
Difference
Between holding a hand and
Chaining a soul.
And you learn that love doesn't
mean leaning,
And company doesn't mean
security
And you begin to learn that kisses
Aren't contracts,
And presents aren't promises.
And you begin to accept your
Defeats
With your head up and your eyes
Open
With the strength of a man, not
The grief of a child,
And learn to build your road
On todays
Because tomorrows ground is
Too uncertain,
For plans and futures have a way
Of falling down in midflight.
After a while you learn that
Even sunshine
Burns if you get too much.

So plant your own garden
And decorate your own soul,
Instead of waiting for someone
To bring you flowers.
And you learn that you really
Can endure...
That you really are strong,
And you really do have worth,
And you learn and learn...
With every good-bye you learn.
